

Goal

Fill in all the cells in the lines with the nine colored shapes - one shape per cell.

Rules

1. Place nine colored shapes into the cells in accordance with ALL the clues provided.
2. "To the left/right of" doesn't necessarily mean "adjacent".
3. The "neighbor" means adjacent.
4. The "chain" means occupying adjacent cells, following each other one by one.
5. The B, R and Y letters stand for Blue, Red and Yellow respectively.

1. Triangles occupy the 4th, the 6th and the 9th cells.
2. A square doesn't occupy any of the 1st, 7th or 8th cells.
3. There is the R-R-R chain somewhere in the Line.
4. The blue shapes occupy even cells only.
