

It's Football Season!

Fall's here and excitement is starting to buzz in Millersville! Millersville's own Meercats are playing their archrivals, the Campton Warriors from the next town over, in the first football game of the season this weekend. The rivalry between the two high schools is legendary, making the football season a much-talked about and anticipated event each year. This

year, Millersville is hopeful of winning back the trophy that the Campton Warriors have managed to successfully defend for the past five years – the longest stretch either team has ever held it. Determine the name and position for five of the offensive players in the starting line-up and what grade each player is in (9th, 10th, 11th, 12th).

1. Ben, whose last name wasn't Kern, played the quarterback position.

2. Alex was a grade higher than the running back but a grade lower than the boy whose last name was Parker.

3. The two players in 10th grade were Brian and the player whose last name was Goodman.

4. Ernie's last name was Straight.

5. Joe played the fullback position but he wasn't in 10th grade.

6. The wide receivers were the player whose last name was Wright and the player who was in 9th grade.
